GLOBAL LEARNING HUB

Fictional information guide | Created for RAG and document-question-answering tests

Document version: 1.0 **Updated:** 15 October 2026

1. Organization overview

Global Learning Hub (GLH) is a fictional education and digital-skills center. Its imaginary main office is in Porto, Portugal. The organization began operating in 2021 and offers short practical courses for adults, university students, and career changers.

Classes combine short lessons, guided exercises, and a small final project. Learners receive a digital completion certificate when they attend at least 80 percent of sessions and submit the required project.

2. Courses and services

- **Python Foundations:** beginner programming, variables, conditions, loops, and functions.
- **Data Analysis Essentials:** spreadsheets, data cleaning, basic charts, and introductory statistics.
- **Web Design Basics:** HTML, CSS, page structure, and responsive design.
- **Digital Office Skills:** documents, spreadsheets, presentations, and email organization.
- **Career Workshops:** CV preparation, interview practice, and professional communication.

3. Course fees

Course	Duration	Fee
Python Foundations	6 weeks	EUR 180
Data Analysis Essentials	5 weeks	EUR 150
Web Design Basics	4 weeks	EUR 135
Digital Office Skills	3 weeks	EUR 90
Career Workshops	2 weeks	EUR 60

COURSE SCHEDULE & ENROLLMENT

Global Learning Hub — fictional learner information

4. Weekly class schedule

Course	Days	Time (local)
Python Foundations	Monday and Wednesday	09:30–11:00
Data Analysis Essentials	Tuesday and Thursday	13:00–14:30
Web Design Basics	Monday and Friday	15:00–16:30
Digital Office Skills	Tuesday and Thursday	10:00–11:00
Career Workshops	Saturday	11:00–12:30

5. Enrollment process

Enrollment is available through the learning portal or at the reception desk. Applicants select a course and provide their full name, a working email address, and the preferred course. Some courses require a short online placement questionnaire.

The course fee must be paid before the first class to confirm a seat. A learner may enroll in up to two courses during the same six-week period. Course changes are allowed during the first five calendar days, subject to seat availability.

6. Learning facilities

- The main computer room has **24 desktop computers** and shared high-speed internet.
- A study area contains 12 individual desks.
- Learners may bring a personal laptop, but it is not required.
- One accessible classroom is located on the ground floor.

7. Support and opening hours

The learner support desk is open Monday to Friday from 08:30 to 17:30. On Saturdays, support is available from 10:00 to 13:00. The center is closed on Sundays and public holidays.

Questions can be submitted through the learning portal. The usual response time is two business days. Technical problems that prevent access to course materials receive priority.

POLICIES & FREQUENTLY ASKED QUESTIONS

Global Learning Hub — fictional learner information

8. Attendance and completion

Learners are expected to attend at least 80 percent of scheduled classes. If a session is missed, the instructor may provide a summary and practice material through the learning portal. Make-up classes are not guaranteed.

To receive a digital completion certificate, learners must meet the attendance requirement and submit the final practical assignment. Certificates are normally issued within seven working days after the course ends.

9. Refund and cancellation policy

- A full refund is available if a course is cancelled by the center.
- Cancellation at least seven calendar days before the first class may qualify for a 75 percent refund.
- Cancellations made fewer than seven days before the first class are not normally refundable.
- Refund requests must be submitted through the learning portal with the course name and payment reference.
- Approved refunds are sent to the original payment method; processing may take up to ten business days.

10. Classroom rules

- Food and uncovered drinks are not allowed in the computer room.
- Learners must save work to their own storage or an approved cloud account.
- Software must not be installed on classroom computers without staff permission.
- Damaged equipment should be reported to the reception desk.
- Personal devices should be kept silent during lessons.

11. Quick facts

Question	Answer
Where is the fictional main office?	Porto, Portugal
When did the organization begin?	2021
How many desktop computers are available?	24
What is the Python course fee?	EUR 180 for six weeks
When are Python classes held?	Monday and Wednesday, 09:30–11:00
How many courses may a learner take at once?	Up to two in one six-week period

Testing note: All organization details, locations, schedules, prices, and facilities in this document are fictional. No personal information about the user is included.
